

CLOVER

NATURALMENTE
AUTENTICA
NATURALLY AUTHENTIC

La cucina è l'ambiente che da sempre sta al centro della casa e che è destinata ad accogliere la parte più vera ed emozionale della nostra vita domestica. Clover è stata creata per durare nel tempo, grazie ai materiali con i quali potrete vestirla. La naturale bellezza delle essenze materiche, i legni, abbinati ai colori ed ai materiali che più raccontano il mondo della natura. Clover è fatta di questo. Autentica e naturale declinabile in mille forme, dalla più razionale, squadrata ed essenziale, alla più sinuosa, stondata ed eclettica, è una cucina che saprà rispondere alle più diverse esigenze arredative.

The kitchen is a space that has always been the heart of any home. It should be the setting for the most authentic and emotional parts of our domestic lives. Clover is designed to last, thanks to the materials you can use to clothe it. The natural beauty of tactile wood finishes is combined with colours and materials that evoke the world of nature. This is Clover. Authentic, natural and available in a thousand different shapes, from the most rational, square and minimalist, to the most sinuous, rounded and eclectic. This is a kitchen that can adapt to the most diverse furnishing requirements.

CARATTERISTICHE TECNICHE

GRES LAMINAM

è un prodotto in gres porcellanato ottenuto con tecnologia innovativa attraverso la compattazione del materiale e la successiva cottura in forno elettrico a temperature superiori a 1220°C circa, appositamente studiato per garantire l'uniformità del prodotto. Le principali caratteristiche sono:

is a product developed using innovative technology which compacts the material and increases precision. Natural materials such as quarried clay, granite rocks and ceramic pigments are wet worked and then hybrid-cooked in an electric oven at temperatures above 1220 °C to guarantee solidity. The main features are:

RESISTENZA AGLI ATTACCHI CHIMICI

LAMINAM resiste ai solventi organici, inorganici, disinfettanti e detergenti. Si pulisce con estrema facilità mantenendo inalterate le caratteristiche della superficie; l'unico prodotto in grado di attaccare il prodotto è l'acido fluoridrico.

CHEMICAL RESISTANT

Laminam resists to organic and inorganic solvents, disinfectants and detergents. It can be easily cleaned without affecting its surface characteristics; the only product that can attack the slabs is hydrofluoric acid.

RESISTENZA ALL'USURA

LAMINAM resiste ai graffi e all'abrasione profonda. Le sue proprietà rimangono pertanto inalterate anche dopo un uso intensivo e una pulizia frequente.

WEAR RESISTANT

Laminam is highly scratchproof and resistant to deep abrasion. The properties of the slabs remain unchanged even after intensive use and frequent cleaning.

ELEVATA RESISTENZA ALLA FLESSIONE

LAMINAM presenta un elevato modulo di rottura.

HIGH FLEXURAL STRENGTH

Laminam has a high modulus of rupture.

REAZIONE AL FUOCO

LAMINAM non contiene materie organiche, pertanto, resiste al fuoco e alle alte temperature.

In caso d'incendio non sprigiona fumo e non emette sostanze tossiche.

FIRE RESISTANT

Laminam does not contain organic material therefore it is resistant to fire and high temperatures. In the event of fire it does not release smoke or toxic substances.

SUPERFICIE IGIENICA

LAMINAM è totalmente compatibile con le sostanze alimentari in quanto non rilascia elementi in soluzione.

Non consente l'insorgenza di muffe, batteri e funghi.

HYGIENIC SURFACE

Laminam is perfectly suitable for food substances since it does not release elements in solution. It does not allow the formation of mould, bacteria and fungi.

PROPRIETÀ CROMATICHE

Priva di pigmenti organici, LAMINAM resiste ai raggi UV. I colori non subiscono alcuna alterazione, anche se sottoposti a variazioni delle condizioni climatiche.

CHROMATIC PROPERTIES

Laminam does not contain organic pigments and is resistant to UV rays. Even if subjected to severe climate changes, the colours remain stable.

ECO-COMPATIBILITÀ E RICICLABILITÀ

LAMINAM è un prodotto totalmente naturale. Non cede elementi all'ambiente e può essere facilmente macinato e interamente riciclato in altri processi produttivi.

ECO-FRIENDLY AND RECYCLABLE

Laminam is a totally natural product. It does not release any elements into the environment and can be easily milled and recycled in other manufacturing processes.

ANTIGRAFFITI

LAMINAM è la prima superficie ceramica antigraffiti, si pulisce facilmente e non viene intaccato nemmeno dalle vernici più tenaci.

GRAFFITI PROOF

Laminam is the first graffiti proof ceramic surface; it is easy to clean and even the strongest paints can be easily removed.)

does not contain organic pigments and is resistant to UV rays. Even if subjected to severe climate changes, the colours remain stable.

ECO-COMPATIBILITÀ E RICICLABILITÀ

è un prodotto totalmente naturale. Non cede elementi all'ambiente e può essere facilmente

macinato e interamente riciclato in altri processi produttivi.

ECO-FRIENDLY AND RECYCLABLE

is a totally natural product. It does not release any elements into the environment and can be easily milled and recycled in other manufacturing processes.

ANTIGRAFFITI

è la prima superficie ceramica antigraffiti, si pulisce facilmente e non viene intaccato nemmeno

dalle vernici più tenaci.

GRAFFITI PROOF

is the first graffiti proof ceramic surface; it is easy to clean and even the strongest paints can be easily removed.

APERTURA A RIBALTA

Le ante aprendendosi verso l'alto consentono di avere un' ampia visione d'insieme all'interno del mobile.

La regolazione della forza di apertura può essere impostata in modo esatto in base al peso del frontale. Grazie all'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata e un'unica manovra è sufficiente per regolare il frontale tridimensionalmente grazie all'assenza di cerniere e al sistema di aggancio clip.

WALL UNIT WITH FLAP DOOR

The doors that open upwards guarantee ample overall visibility inside the cabinet.

The opening force can be adjusted precisely according to the weight of the front. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned and a single manoeuvre is required to three-dimensionally adjust the front, thanks to the clip-on system and the absence of hinges.

SCHEMA MONTAGGIO LIMITATORE PER RIBALTA H 48
FLAP DOOR LIMITER INSTALLATION DIAGRAM H 48

APERTURA VERTICALE OBLIQUA

I pensili con questo tipo di meccanismo necessitano per l'apertura di poco spazio libero sopra il mobile grazie al movimento basculante dell'anta che si apre senza difficoltà applicando poca forza anche in presenza di frontali pesanti. Con l'arresto progressivo le ante si fermano in qualsiasi posizione; in questo modo la maniglia è sempre facilmente raggiungibile. La chiusura è ammortizzata ed è possibile regolare la forza di tenuta in base al peso del frontale.

VERTICAL OPENING OBLIQUE

Wall units that mount this type of mechanism require little clearance above the cabinet thanks to the swivelling movement of the door that can be easily opened by applying slight pressure, even with heavy fronts. The doors stop in any position thanks to the gradual stopping movement; in this way, the handle is always easily accessible. The closing movement is cushioned and the closing force can be adjusted according to the weight of the front door.

	A	B	C	D
H 60	18	9,6	46,5	53,5
H 72	18	9,6	57	61

APERTURA VERTICALE

L'anta ad apertura verticale, potendo essere sollevata completamente verso l'alto, consente un accesso totale all'interno del pensile. Ideale per l'impiego in mobili a colonna per nascondere ad esempio apparecchi elettrici, o pensili con corpi mobili sovrastanti, ha la chiusura ammortizzata e la possibilità di regolare la forza di tenuta in base al peso del frontale.

VERTICAL OPENING

Doors with vertical opening movement can be fully raised to fully access the inside of the wall unit.

Ideal for use on column units to conceal electrical appliances for examples, or on wall units surmounted by mobile units.

The closing movement is cushioned and the closing force can be adjusted according to the weight of the front door.

APERTURA ANTE A PACCHETTO

Il meccanismo d'apertura ante a pacchetto è idoneo sul pensile H 72; la regolazione della forza di apertura può essere impostata in modo esatto in base ai pesi dei frontali, la chiusura è ammortizzata e la cerniera centrale clip si contraddistingue per l'innovativa tecnologia che garantisce la sicurezza per le dita.

LIFT-UP FOLDING DOORS

The lift-up folding door opening mechanism is suitable for wall units with H 72; the opening force can be adjusted precisely according to the weight of the fronts, while the closing movement is cushioned and the central clip-on hinge features innovative technology for safeguarding the fingers.

luce DIVA HE TLD Domus Line
DIVA HE TLD light Domus Line

Installazione

DIVA HE TLD è un profilo minimale ad incasso in battuta per fresata di soli 12mm di profondità. Indicato per l'installazione sotto pensile e sottomensola DIVA HE TLD offre una proiezione luminosa simmetrica. Fornito di serie con cavo di alimentazione da 2000mm e connettore Micro12 integra un interruttore elettronico TouchLed che al "tocco" accende, spegne e regola l'intensità luminosa dell'apparecchio.

Installation

DIVA HE TLD is a narrow profile embedded in a milled groove which only needs to be 12mm deep. It is recommended for the installation under cabinets or shelves and it offers a symmetric lighting projection. It comes with a 2000mm supply cable and Micro12 connector. DIVA HE TLD incorporates an electronic TouchLed switch that with a simple touch switches on, turns off and adjust the luminous intensity of the device.

VIVI IL LIVING

LIVE THE LIVING

Vasta gamma di soluzioni e totale modularità per creare nuove composizioni living adatte ad ogni spazio.

Wide range of solutions and totaly of modules to create new lively furnishing compositions suitable for every kind of space.

LIBRERIA LIVING

LIVING BOOKCASE

La libreria va ad ampliare la gamma living con spessore e carattere. La sua struttura sp.2,5 è perfettamente coordinata alla cucina grazie alla possibilità di integrare le ante del programma Clover.

N.B.: per una corretta preventivazione ed ordine delle librerie, si consiglia l'uso del programma 3cad Evolution

The bookcase expands the living range with substance and character. His th. 2,5 structure is perfectly coordinated with the kitchen, thanks to the possibility to integrate the door finishes of Clover program.

Note: we recommend to use the 3cad Evolution software, for having a correct estimate and order.
